We are always happy to help, so if you have any questions, please do not hesitate to contact us using the details below. In addition, all of our documents, including our standards, technical leaflets, application forms and fee sheets are available to view and download from our website. www.ofgorganic.org

Valid from 9/2/2021. Fees are under review and may be revised at any time. The fees relate to inspection and certification charges but do not guarantee that a Certificate of Compliance will be issued

For operators with more than one site registered with us a further 10% discount will be available.

For operators registering an Organic, Compost or Anaerobic Digestion unit with us we would be happy to discuss a discount for registering all the units with OF&G.
