

OF&G Certification Schemes List

OF&G have been at the heart of certifying organic food production for over 30 years and were the first organic certifier to be approved by the UK Government. Over the years we have worked hard to build a solid reputation for reliability, fairness, competitiveness and a friendly, business focussed approach. We have added other certification schemes to our portfolio alongside organic farming and food production and these are listed below.

Organic UK and Europe

Farm Businesses -

Producer certification (farmers and growers)
On-farm food processing
Livestock Markets

Food businesses -

Processor certification, including Importing & Exporting
Abattoirs
Feed Business Operators
Merchant Registration Scheme

Approved Inputs Scheme

(Evaluation for inputs for use in organic systems)

Environmental

Composting

Composting to PAS100 and the End of Waste Position for the UK Nation where the process is based.

Anaerobic Digestion (Biofertiliser Certification Scheme)

Digestate to PAS110 and the End of Waste Position for the UK Nation where the process is based.
